At the Zoo

Guide: Hello! Welcome to the zoo. Ready to see animals?

Visitor: Yes! Very excited. What animals are here?

Guide: Look! Monkeys are swinging in trees. Next, colorful birds.

Visitor: Oh, yes! Birds are so pretty! What about big animals?

Guide: Come this way. Here are elephants. Look at their big feet! They are strong.

Visitor: Wow, their feet are so big. And their teeth are long!

Guide: Yes, those are tusks. They use them for digging, lifting, and defense. Amazing animals. Now, lions.

Visitor: Many lions?

Guide: Yes, we have two male and three female lions. They sleep many hours because they hunt at night.

Visitor: Oh, I see them. They look strong. Do they roar loudly?

Guide: Yes, they roar very loudly, especially at night. It's a sound you won't forget! What's that small house?

Guide: That's for small animals. Inside, tiny mice. They are fast and hide.

Visitor: Mice? Small grey animals? Do they eat cheese?

Guide: Yes, they like many foods! You can also see geese near the pond. They swim and look for food.

Visitor: Geese? Big white birds?

Guide: Yes, geese. They are loud sometimes, especially if someone is too close. They eat grass. Over there, sheep.

Visitor: Oh, the sheep are so fluffy! Their wool looks soft and warm. How many?

Guide: We have ten sheep. They eat grass all day and are peaceful.

Visitor: Ten sheep! Do you have fish?

Guide: Yes, colorful fish in the aquarium. And in the forest, if lucky, you can see deer.

Visitor: Wow, deer too! Do they have big antlers?

Guide: Some do, especially male deer. They are graceful. This zoo has many animals. Thank you for

visiting!

Visitor: Thank you! Wonderful tour. Learned so much.

Guide: You are welcome! Enjoy your visit.
