Title: _____

Date: _____

Student's name: _____

A Busy Day at the Construction Site

Leo: Hi Mia! What are you doing?

Mia: Hi Leo! I am mixing cement for the foundation. It is heavy work!

Leo: I see. I am carrying bricks. We are building the main wall.

Mia: Yes, the sun is shining. It is a perfect day for construction.

Leo: Look! David is climbing the ladder. He is painting the roof.

Mia: And Anna is cutting wood. She is making frames for the windows.

Leo: Everyone is working hard today. The site is busy!

Mia: Yes, we are making good progress. The building is growing taller!

Leo: What is John doing near the front?

Mia: He is digging a big hole for the water pipes.

Leo: And the big yellow machine? What is it doing?

Mia: It is lifting heavy steel beams to the upper floor. It is strong.

Leo: Wow! Many things are happening.

Mia: Yes, we are building a big house for a new family!
